### **Due to Natural Causes**

#### **Autopsy Shows Opium Did Not Cause Miss Ryan's Death**

An autopsy performed yesterday afternoon by the deputy coroner of the District of Columbia showed that the death of Miss Annie M. Ryan of Casualty Hospital yesterday morning was the result of uremic poisoning. Physicians reported yesterday that the patient had symptoms of opium poisoning, but the autopsy failed to show that medicine she had taken had contributed to her death.

Coroner Nevitt gave a certificate of death from natural causes. Miss Ryan was a daughter of John T. Ryan, molder in the navy yard. Funeral services will be held at the home of Miss Ryan Monday orning at 11 o'clock. Burial will be in Congressional Cemetery.
